

## WILD SCENES MARK PASSING OF HARMON BAR

**Free-for-All Fight Feat-  
tured Closing of  
Saloons.**

Wild scenes culminating in a free-for-all fight, during which Deputy Sheriff Angier Wilson suffered a black eye, marked the passing of John Barleycorn from his long abode in Harmon last night, where a large crowd of thirsty assembled and tried to "drink her dry." The rough house is said to have occurred at the Long saloon when the proprietor and bartenders attempted to close up a few minutes before midnight. Patrons refused to heed the warning that it was time to close up and when the workers in the place started to put obstinate patrons out the air became full of fists. Deputy Wilson, who had accompanied Sheriff Schoenholz and Deputies Miller and Phillips to Harmon to prevent any violations of the law which became effective at midnight, was hit in the eye by one of the many madly flying fists.

The other two Harmon liquor emporiums had disposed of all of their stocks before the midnight hour and closed their doors at about 10 o'clock. All day long the three thirst parlor in the village were crowded to the doors and King Alcohol was given a noisy and good-natured farewell by hundreds of bibulous subjects. Hundreds of bottles and jugs were taken away by patrons against the long drought and many headaches this morning testified to the sincerity with which the curtain was rung down in the oasis.

Amboy saloons were not open last evening, as all had disposed of their stocks of goods and closed their doors, and in Sublette also stocks were disposed of before the closing hour.

Whether any of the Lee county saloon men will continue to operate their places of business under the opinion of Attorney General Palmer that light wines and beers can be sold is not known, none of the proprietors having reached a decision on that question.

## J. HAMILTON LEWIS COMING TO ASSEMBLY

The program for this year's Rock River Assembly is the strongest that has been arranged in the history of the association, and patrons are assured of sixteen days of the best kind of entertainment for the price of a five-day chautauqua. Among the prominent speakers announced are:

Dr. Stanley L. Krebs, the most eminent psychologist in the country, who will speak on "Two Snakes in Eden" on Sunday, July 27.

Ex-Senator James Hamilton Lewis, of Chicago, who will speak on "The League of Nations" on August 3. During his term in the U. S. war Senate Mr. Lewis was the administration whip and his close standing with the president qualifies him to speak on Mr. Wilson's beliefs concerning the League.

Rev. William A. Sunday, the greatest of all evangelists, will speak on the last Sunday and will undoubtedly draw a large audience.

Other lecturers and some of the fine musical entertainments which have been contracted for will be announced later. The sale of tickets will begin soon as the assembly promoters look for a loyal local patronage.

## SHABBONA PARK IS OFFERED TO STATE

Shabbona Park, just a few miles southeast of Earlville, has been offered by the board of supervisors to the state of Illinois as a state park if the state will accept.

Shabbona Park is a historic place for there on a bright day in 1832, 14 or 15 people were massacred by Indians because they insisted upon taking up the rich lands which the red men wanted for their own use. A private monument marking the spot, was erected many years ago and later the state paid for a monument, which was placed near the original shaft. The state also made appropriations for improving the park but of late has declined to give more money as the land did not belong to the state. So it is thought best to transfer the title to the state of Illinois, that funds for its proper maintenance may be secured.

## TAKING INVENTORY AT PLOW FACTORY

The Grand Detour Plow Shops are shut down for a week or ten days to allow an inventory, preparatory to a merger with the J. I. Case Threshing Machine company, which takes place as soon as the inventory is completed. Col. Brinton stated today that they hoped to have the inventory completed in a week, although it might take ten days. A large number of employees are engaged in the undertaking.

## AVIATOR DELAYED IN STARTING FOR DIXON

Lt. Diggins, who is scheduled to take a number of Dixon people up in his airplane this afternoon, was delayed in leaving Chicago and it was announced he would not reach Dixon until about 3:30 o'clock. Dr. E. A. Sickels was scheduled to be his first passenger and fifteen other Dixon citizens had made reservations for rides with him. In a long distance telephone message to Chas. Miller the aviator said he had had some engine trouble which necessitated his going back to his airplane after making one start.

## THOUSANDS HOMELESS AS RESULT OF QUAKE OF SUNDAY IN ITALY

**Rescue Work is Delayed  
By Great Difficulty  
in Reaching Scene.**

*By Associated Press Leased Wire*  
Rome, Monday, June 30.—Military auto trucks and Red Cross ambulances have gone to the earthquake zone near Florence. The city council of Rome has also sent a detachment from the fire department to the scene of the disaster. Reports state that more bodies have been taken from the ruins but the total number of casualties has not as yet been established.

## RESCUE WORK SLOW.

*By Associated Press Leased Wire*  
Florence, Monday, June 30.—In many places throughout the district visited by the earthquake on Sunday the number of injured has made it impossible to transport the suffering to hospitals because of the lack of proper means at the disposal of the authorities. Impromptu nurses have taken care of the injured ones in the fields and along the dusty roads.

In spite of heart rending cries from ruins, rescue work at many places could not begin until necessary tools had been brought from Florence. Many persons are believed to have died under shattered debris of their homes.

**1,000 Homes Damaged.**  
In the earthquake zone more than one thousand houses were seriously damaged in addition to those which were utterly destroyed. The entire population of the Regello valley, twenty miles southeast of Florence, is obliged to camp in the open air.

The railway crossing the Regello valley has been broken, several bridges being damaged, and a number of wagon roads have been blocked by rocks which slid down the mountainsides. Among the houses damaged at Regello was the one where Giotto, who has been called the "father of painting" was born. The walls of the famous church of San Lorenzo were cracked to some degree, but the works of art inside did not suffer serious damage.

## KING GOES TO FLORENCE

*By Associated Press Leased Wire*  
Rome, Monday, June 30.—(Delayed)—King Victor Emmanuel left for Florence today to visit Rebbolo and the earthquake district. Wherever he was recognized along the way he was acclaimed with cries of "viva friend of the people."

Father John Hagen, formerly of Georgetown university and now director of the vatican observatory, has announced that he believes that the earthquake tremor now is in its decreasing phase.

## SUBURBAN ACRES IS POPULAR ADDITION

In the three days the Peoples Sales Agency, F. B. Miller, manager, has had its office open in the Moss building over half of the Suburban Acres addition which they are selling has been disposed of, the total of the sales amounting to over \$20,000. Suburban Acres is the E. C. Parsons Hillcrest farm and almost adjoins Dixon on the southern city limits. It is located one block west and three blocks south of the North-Western passenger station, where the city street car line terminates and extends west to Lincoln avenue and south to the Interstate Road. The farm has been divided into fine small tracts ranging from one to six acres, which are proving very popular in that there is a growing demand for small farms, and nowhere can small tracts so conveniently located be bought so cheaply or on such easy terms. The prices range from \$100 to \$400 per acre. Present indications are that the entire farm will be disposed of within a week or ten days, as many inquiries are coming from out of town parties.

## Bryan Will Preside at Booze Funeral

*By Associated Press Leased Wire*  
Columbus, O., July 1.—William Jennings Bryan will be the chief figure in a celebration of the funeral of John Barleycorn at the Methodist Centenary exposition here today. The funeral will be headed by the former secretary of state riding a camel, the "first and original prohibitionist," as Dr. Alonzo Wilson, director of special events at the exposition once termed the animal. An elephant and a donkey, representing the old line parties also will take part in the parade, which will conduct John Barleycorn to his last resting place.

## 40 Million Gallons Booze in Kentucky

Louisville, Ky., July 1.—Notwithstanding the enormous amount of whisky sales in the past week, Kentucky liquor dealers today claim to have a surplus of 40,000,000 gallons. How to dispose of this, they say, is undetermined.

## MILK FACTORY FOR AMBOY IS NOW ASSURED

**Milk Condensory Will  
Be Erected in  
That City.**

The Amboy Milk Products company, a manufacturing industry in which business men and farmers residing in the vicinity of Amboy are the stockholders, is about completed. The company expects to erect a milk condensing plant in Amboy and begin operating on a large scale about the first of the year. The proposition is being furthered by J. C. MacKinnon, head of the Amboy Creamery company.

Two sites for the location of the milk condensing plant are being considered and some definite action on the exact site will doubtless be made at a meeting of the stockholders to be held the latter part of this week. The new plant will turn out condensed milk in many size cans, ranging from the small household size to the 10 gallon can which is used almost exclusively for hotel purposes.

**Capital Stock \$100,000.**  
The company will be incorporated for \$100,000 and of this sum \$80,000 has already been subscribed. In ten hours after the plan was arranged a total of \$51,000 worth of stock had been sold to Amboy business men and farmers residing in that vicinity. Several requests for stock were received from other parts of the county but these were refused, it being the desire to sell all of the stock to people residing in the vicinity of Amboy. The stock is being sold for \$100 a share and each stockholder buys no less than five shares. As soon as the total amount of the stock

## SUBLETTE SPEEDERS FURNISH EXCITEMENT

Sublette enjoyed a mild form of excitement, a sort of counter-irritant, on the last day of John Barleycorn's rule, by almost having a lawsuit. Six young Sublette men were summoned to appear in court to answer charges of speeding within the corporate limits of the village, but the trial turned out to be a "dud."

LeRoy Stephanitsch, Leo Full, Forrest and Gilbert Tice, Fred Auchstetter and George Erbes are the men who were thrown in the limelight. The charge involved a spurt of speed in high powered cars. Some say that certain drivers merely wanted to avoid the other fellow's dust. The village authorities declare that the cars were traveling at a high rate of speed. The drivers deny it.

Attorney William Leech, of Amboy, was called to represent the village and Attorney John Erwin, of Dixon, appeared to represent the defendants, who were prepared to plead not guilty and fight the case. The trial was called for Monday morning. It was then continued to afternoon, and in the afternoon, the case was dropped, because no warrants had been gotten out and no complaint was made. It is hinted that there may be further developments and that the matter may be taken up by the state officials.

## Vatican Delegate to Peace Meet Returns

*By Associated Press Leased Wire*  
Rome, Saturday, June 28.—(Delayed)—Archbishop Bonaventura Cerriti, papal under secretary of state, returned from Paris today and made a full report at the vatican on his mission to the peace conference. Monsignor Cerriti had lengthy conversations with Pope Benedict and Cardinal Gasparri, papal secretary of state. Both congratulated him warmly on the success of his mission. The report dealt with changes made in the peace treaty regarding Catholic missions in former German colonies and the protection of their property.

## French Socialists Balk on Peace Pact

*By Associated Press Leased Wire*  
Paris, June 30.—(Delayed)—The entire socialist representation on the chamber committee to examine the peace treaty has resigned on account of the rejection of two of their candidates, including Jean Longuet, leader of the minority socialists, who were opposed by the other parties on account of their bolshevik sympathies. The chamber will elect the successors of the socialist representatives tomorrow.

## City Employees of Chicago Get Raise

*By Associated Press Leased Wire*  
Chicago, July 1.—Troubles of the city with its employees over wages seem somewhat nearer solution today, as the result of the council's action at midnight in raising the wages of all classes of city workers. In no instance were the various officers given what they demanded, but the agreement to pay the union scale of wages to all organized skilled and unskilled labor was received with approval.

## AUTO INTO CURB

A big touring car, occupied and driven by tourists, whose names could not be obtained, came to grief this afternoon at 2 o'clock when in attempting to negotiate the turn at Seventh street and Galena avenue, it crashed into the curb, breaking wheels and fender.

John Wenk, of Sterling, was a visitor in Dixon this morning.

## SEARCH AND SEIZURE BILL BECOMES A LAW

**Drastic Measure Passes  
Gauntlet of Both  
Houses.**

*By Associated Press Leased Wire*  
Springfield, Ill., July 1.—The drastic prohibition enforcement statute, known as the "search and seizure" bill, today became a law. It was passed by the fifty-first general assembly which adjourned sine die yesterday.

While enforcement is lodged with local authorities, and not with a state prohibition commissioner as sponsors of the bill sought, the severity of the penalties for violation of law's provisions, it is believed will discourage "bootlegging."

Sale, transportation, or possession of intoxicating liquor, defined as that containing more than one-half of one per cent alcohol is made unlawful, except for sacramental, chemical, manufacturing or medicinal purposes.

Both Attorney General Brundage and Governor Lowden have interpreted the law as permitting a person to keep intoxicating liquor for his private use or for serving to his guests in his own residence.

Handling of liquor for the purposes made unlawful by the statute is possible only when the person or agent has obtained a license from the attorney general and after he has complied with the requirements for an elaborate system of checking the consignee and the consignor.

The law covers all compounds and preparations "whether proprietary, patented or not which are potable and which are capable or suitable for being used as a beverage."

Vessels, furniture or vehicles used in the sale or transportation of intoxicating liquor are declared by the act to be "common nuisances" and subject to confiscation and destruction. Power to search houses, buildings, vehicles, boats or other places and to seize intoxicating liquor is authorized by the statute, "provided, however, no warrant shall be issued to search a private dwelling occupied as such unless such warrant is signed by two judges and unless such residence is a place of public resort, or intoxicating liquor is sold or kept for sale in violation of the law." Judges are defined as "judges, justice of the peace or police magistrate."

Druggists who sell intoxicants, except as the law sets up, would be subject for the first offense to a fine of \$400 to \$800 and a jail sentence of from ninety days to one year; second offense, revocation of certificate to practice pharmacy for two years in addition to the fine and jail sentence; third offense, a fine of from \$500 to \$1000, a penitentiary term of from one to three years and permanent revocation of pharmacy certificate. Penalties equally severe are prescribed for physicians who take advantage of their profession to sell or dispose of alcoholic liquors. "Bootleggers" and persons who own buildings where unlawful traffic in liquors is carried on or any one who might aid in such traffic in any way are liable to heavy fines and imprisonment.

Advertising of alcoholic liquor is strictly forbidden in the state.

## Wilson Will Be Met By Part of Atlantic Fleet Next Monday

*By Associated Press Leased Wire*  
Washington, D. C., July 1.—Tentative plans for the welcoming of President Wilson at New York when he arrives on the George Washington, probably Monday, provide for part of the Atlantic fleet to meet his ship at sea and escort her into port. The welcoming committee will be aboard the Pennsylvania, Admiral Wilson's flagship.

Secretaries Daniels and Baker are expected to be among officials who will go from Washington to greet the president.

It was said at the white house today that the president would remain in New York only a short time and that his address in response to the welcoming committee would be very brief and would not embrace a discussion of the peace treaty and the league of nations.

The president has not indicated when he will submit the peace treaty to the senate, but officials here expect him to do so either next Tuesday or Wednesday. After he has cleared his desk of important business awaiting his attention he will start on his tour over the country speaking in support of the treaty and the league covenant.

## Suffrage Opposition in Iowa is Certain

*By Associated Press Leased Wire*  
Des Moines, Ia., July 1.—While equal suffrage leaders today reiterated predictions that the special session of the Iowa legislature tomorrow would ratify the federal suffrage amendment by a large majority, there were plenty of indications that victory will not come to them without considerable opposition.

Opposition to the amendment probably will be based chiefly on grounds that it is unconstitutional for the assembly to ratify the federal amendment without first passing on state suffrage and presenting the state question to the people for action.

## INJURED IN RUNAWAY.

D. C. Harden, residing in Nelson township, received painful injuries in a runaway accident about noon today. He was working in a hay field and was loading a hay rack when the team became frightened and started to run. Mr. Harden was thrown from the wagon and suffered a dislocation of the right shoulder as well as numerous other bruises.

Mrs. Beebe, a prominent citizen of Chadwick, has purchased the English cottage at Assembly Park and is now occupying it.

## TRAMP WRECKS N. Y. C. TRAIN; 8 PASSENGERS DIE

**Rear-End Collision at  
Dunkirk, N. Y., Causes  
Injury to Many.**

*By Associated Press Leased Wire*  
Dunkirk, N. Y., July 1.—Eight persons are known to be dead and more than 40 were injured in a rear end collision on the New York Central between the second section of train No. 41 and train No. 7 known as "The Westerner" at 2:20 o'clock this morning at the Third street station here. All the fatalities occurred in the first passenger car of the rear train, The Westerner, when it engine buckled back through a wooden express car.

Eight bodies were taken from the wreckage and rescuers clearing the debris were working toward what they believed to be two additional bodies.

Twenty persons, some seriously injured, were taken to the Brooks Memorial hospital. As many more passengers were treated by local and out of town doctors and brought here on relief trains.

The engineer and the fireman of the Westerner were killed.

Washington, July 1.—An unidentified tramp, killed in the New York Central wreck at Dunkirk this morning, was according to reports to the railroad administration, probably the cause of the tragedy. The mechanism controlling the flow of air from the locomotive to the train was found shut off, at the place where the tramp was riding.

## Engine Explodes

The official report says that when the locomotive of train No. 7 exploded after telescoping the steel Pullmans it drove the wreck into such a tangled mass that P. C. Crowley, general manager of the New York Central, who was in Dunkirk, had to order acetylene flame torches to separate the wreckage.

The official report to the railroad administration puts the known dead at nine; the mortally injured at three; the seriously hurt at seventeen, and does not give the number of lesser wounded although it is said to be large.

The preliminary investigation has developed that on leaving the Buffalo yards, the engineer of train No. 7 tested his brakes three times and found them working, but had no further occasion to use them, until running into Dunkirk, when he encountered a caution signal registered by No. 4 standing in Dunkirk station. When he applied the air, it acted on the locomotive and tender only and was not communicated to the cars following. The train crew said that the engineer's whistle for hand brakes, but before they could be used No. 7 crashed into the standing No. 4.

As the wreckage was cleared the crushed body of the tramp was found on the "head end" the narrow space between the tender and the first car of the train. The angle cock controlling the flow of air through the brake pipes was closed. It probably will never be developed whether the man unwittingly closed it with his foot as he used the cock as a step to lift himself up on the car, or whether it was done intentionally.

## MANY IMPROVEMENTS AT PUBLIC SUPPLY CO.

Several hundred dollars have been expended this spring and summer by the Public Supply company in enlarging their elevator and feed grinding plant on Seventh street and Depot avenue. A large addition has been built on top of the elevator which is rapidly nearing completion. This will house new motor power and considerable new machinery that is to be installed just as soon as the preliminary improvements have been made. The new machinery will be of the most modern type of milling equipment and will add greatly to the present grinding and elevating accommodations.

The elevator and grinding departments are being brought up to a very high standard and no expense is being spared with this end in view. All of the storage bins in the elevator are being made mouse proof and the storage space considerably increased. D. H. Law and Charles Leake are the owners and managers of the company, which during its few years of existence has enjoyed a rapid growth.

## American Capitalists Will Not Buy Krupps

*By Associated Press Leased Wire*  
Munich, Monday, June 30.—(Delayed)—The local Krupp works are being liquidated purely in the interests of the employees, following the tremendous losses which have resulted since the revolution. American capitalists are considering taking over the plant and forming a German-American works but abandoned the plan owing to bad conditions here.

A London dispatch received on Monday night stated that Americans had bought the Krupp works at Munich and that several other industrial concerns at the Bavarian capital also had passed into American control.

## Will Not Send Grant Troops to Chicago

*By Associated Press Leased Wire*  
Camp Grant, Ill., July 1.—No Camp Grant troops have been ordered to Chicago for strike duty, according to a statement today by Major General Bell, commander of the camp. No request of that nature has been received at camp, General Bell said.

## WANT FORMER CROWN PRINCE AS LEADER OF NEW REVOLUTION

**Counter Stroke Planned  
with Former Heir to  
Throne in Charge.**

## MAY HEAD REVOLT.

*By Associated Press Leased Wire*  
London, Eng., July 1.—German counter revolutionaries have a motor launch in readiness to rescue the former German crown prince, Frederick William, wishing him to appear at the head of the military forces in Germany, according to a Rotterdam dispatch to the Daily Mail.

The Dutch queen the dispatch adds has sent her consort to persuade the former prince that it would be detrimental to Holland which granted him hospitality if he participated in a revolt in Germany.

## STILL AT WIERINGEN.

*By Associated Press Leased Wire*  
London, Eng., July 1.—The aide to the former German crown prince at Wieringen emphatically denied during a telephone conversation yesterday that the crown prince had left the island, according to an Amsterdam dispatch received by Reuters Limited.

A Brussels dispatch quoting an Amsterdam telegram to the Solr, received last night, stated that the former German crown prince escaped from the island of Wieringen on Sunday.

## Congress Tries to Reach Agreement on Appropriation Bills

*By Associated Press Leased Wire*  
Washington, July 1.—Their plans for a recess from last night until next Monday having been upset by unexpected opposition in the house to the conference agreement on the army bill and objections from the same source to features of congress again were in session today in an effort to straighten out between the two bodies differences over remaining appropriation bill. Of the bills on which conference agreements had been reached and enactment of which had been expected late yesterday, the naval appropriations measure was the only one to get through. This bill carries appropriations of \$616,000,000 and provides for a naval personnel of 170,000.

## Aviation Bill Dispute.

Differences as to the amount to be appropriated for aviation prevented enactment of the army bill, house democrats insisting on only \$15,000,000 as against \$40,000,000 agreed on in conference and \$65,000,000 voted by the senate. Conference agreements had been reached on the sundry civil and District of Columbia appropriation bills but democratic opposition in the house to consideration of these caused them also to go over until today.

As the funds provided in the bills were needed for the various government departments beginning the new fiscal year leaders hoped to clear up all disputes today so that adjournment could be taken until July 7, when President Wilson is expected to appear before a joint session of the two houses to present the treaty of peace with Germany.

## PLATE AND TIRES FOUND ALONG RIVER

The license plates and an extra tire belonging to the Ford touring car stolen from Amboy a week ago last night and recovered here by Chief Van Bibber, were recovered this morning. Milo June, who is now in the county jail and unable to secure bonds, confessed to the theft of the car and told of having thrown license plates and the extra casing into the river at the old military academy.

This morning Chief Van Bibber and Officer Whetstein went to the spot where June said he had thrown them into the river and after a short search along the bank of the river found them in the brush near the water's edge. They were brought to the station and will be returned to the owner of the car, James Mead, of Amboy.

## 6-Hour Mail Service Between N. Y.-Chicago

*By Associated Press Leased Wire*  
Washington, July 1.—Air mail service between New York and Chicago was inaugurated today with a six hour service. The first plane left New York at 5:15 a. m. flew to Belfont, Pa., at the rate of 123 miles an hour and there transferred its mail to another plane which reached Cleveland at 9:30 a. m. in time to transfer the mail to the regular Cleveland to Chicago machine.

## O. R. T. Will Handle Commercial Wires

*By Associated Press Leased Wire*  
St. Louis, Mo., July 1.—Members of the Order of Railroad Telegraphers throughout the country today were notified to resume handling business of the Western Union and Postal Telegraph companies. The order was issued by E. J. Manion, president of the Order of Railroad Telegraphers, cancelling the ban on commercial business which went into effect June 12, in connection with the nation wide strike of the Commercial Telegraphers Union of America.

## WALNUT MASONS HERE.

Members of the Walnut Masonic order and their families are holding their annual picnic at Lowell Park today. Several hundred of the picnicers made the trip here in automobiles.

## BEER AND LIGHT WINES ARE SOLD IN MANY CITIES

**Exemption Granted By  
Government Saves  
Wet Advocates.**

*By Associated Press Leased Wire*  
Washington, July 1.—Test cases on the sale of beverages containing more than one-half of one per cent of alcohol will be brought immediately by the department of justice in all jurisdictions where such cases are not now pending.

*By Associated Press Leased Wire*  
New York, July 1.—Saloon keepers, restaurateurs and hotel men who sell 2.75 per cent beer and light wines do so at their own risk, they were warned today by Assistant States Attorney Ben A. Matthews, in charge of federal criminal cases.

*By Associated Press Leased Wire*  
Washington, July 1.—The house judiciary committee probably will meet next Monday to report out a straight bill for enforcement of war time prohibition so as to stop the sale of two and three-quarters per cent beer.

## STATE TO ENFORCE LAW

*By Associated Press Leased Wire*  
Springfield, Ill., July 1.—"Whatever interpretation may be placed by the federal courts upon the terms 'intoxicating liquor' as used in the federal act, the sale of intoxicating liquor in this state is prohibited by the federal law with the exception of those liquors containing less than the percentage which the federal courts may find to constitute intoxicating liquor," says a statement issued at noon here today by Attorney General Brundage.

## ATLANTIC CITY BOLD.

*By Associated Press Leased Wire*  
Atlantic City, N. J., July 1.—Practically every saloon in this resort is open today and dispensing liquid refreshments of all kinds. Whiskey, brandy, gin and any other sort of liquor called for is served to patrons.

The exceptions are the beach front hotels, all of which closed their bar rooms with one exception. The wholesale houses also are closed.

## NEW YORK ACCEPTS FATE.

*By Associated Press Leased Wire*  
New York, July 1.—Open bars where beverages of 2.75 percent alcoholic content could be purchased by the drink, offered the only consolation in New York today to the friends of hard liquor on the first day of war time prohibition.

Cafes, restaurants, hotels and liquor stores in many instances virtually depleted of their stocks of "hard liquors" when the law went into effect at midnight, notified their customers that until further notice the stronger varieties of beers, wines and liquors would not be sold.

Throughout the city the last few hours of the unrestricted sale of all beverages were ushered out without much hilarity, but with considerable drinking.

What little hope the distillers, brewers, saloon keepers and liquor dealers may have had up to last night that something would happen to postpone further the advent of the "great dry spell" disappeared when they analyzed the opinion of Attorney General Palmer. Hundreds of saloon keepers decided to quit business and those that remain open will offer nothing containing more than 2.75 percent alcohol.

The question of selling light wines, as well as "war beer" has been left to the judgment of the hotel man and restaurateurs by their lawyers. Some restaurant keepers and hotel men expect to sell light wines with meals until the policy of the government toward such drinking has been clearly defined.

## FIRST DRY DAY.

*By Associated Press Leased Wire*  
Washington, D. C., July 1.—The whole nation awoke today to a realization of prohibition. The banishment of the "eye opener" at the bar, long ago forgotten in many parts of the country, was all embracing. Only those who had been provident enough to "stock up" in advance for the long drought or (Continued on page 4.)

is sold, a meeting will be held, directors named and articles of incorporation applied for.

## Have Factory Plans.

Plans for the plant have been drawn and call for a building of brick construction, 100 by 120 feet in dimensions. A part of the building will consist of two stories and the structure is to be modern and sanitary throughout. The very latest type of machinery will be installed and the company expects to handle approximately 75,000 pounds of milk daily.

For the time being and until the proposed condenser is ready for occupancy, the work will continue at the Amboy Creamery, where butter and cheese will be made in large quantities. With the completion of the new factory, this place will be abandoned.

## Expert Workmen Hired.

The company has been most successful in securing the service of two of the best known experts in their respective lines in the middle west. H. A. Bachofen and J. J. Cole, who for many years have been in the employ of the Carnation Brand Condensed Milk company will come to Amboy when the plant starts operation. Mr. Bachofen has been with the company for a period of 12 years and will have complete charge of the manufacturing interests. Mr. Cole, who has been field representative for the Carnation company in charge of all their plants east of the Mississippi river, will continue in the same capacity with the Amboy company.

The proposition is meeting with great favor by all who are interested or have heard of its possibilities and means a great deal to the town of Amboy in many respects. There will be a demand for help in the new plant which is expected to be the largest business industry Amboy has ever known.

SILAS B. MAYBE,  
WELL KNOWN I. C.  
CONDUCTOR DEAD

Entered Service at Amboy and Resided Here for Time.

Freeport, Ill., June 30.—Silas Maybe, a veteran Illinois Central conductor, passed away at his home, 176 Mechanic street, at 4 o'clock this morning. Death was rather unexpected as Mr. Maybe was not taken seriously ill until Tuesday evening. He was about his home and down town Tuesday but was taken ill shortly after the supper hour and gradually weakened until death came this morning. He suffered a serious accident while in the employ of the railroad company on December 27th, 1915, and never fully recovered. Because of his condition he retired from active work in 1916. Last January, he submitted to a serious operation but was apparently recovering nicely up until Tuesday evening. His death was caused by peritonitis.

Decedent had been in the employ of the Illinois Central since 1880, having entered the service of the company at Amboy as a brakeman. In 1881 he was promoted to the position of conductor and traveled between Freeport and Centralia for many years. He was an honest and faithful employee and was held in high esteem by the officials of the company and by his many friends. He was also a preacher having been educated in the public schools at Albany, N. Y., and also in a theological school at that place. At the age of 23 years he began preaching in the First Advent Christian church at Albany and continued that work until 1880 when he was forced to resign because of ill health. He lived a true christian life and was ready and willing at all times to occupy the pulpit when called upon to do so, even in late years. He was a member of the Adventist Christian conference of northern Illinois.

Mr. Maybe was born at Albany, N. Y., August 19th, 1850. He resided there until 1850 when he moved to Amboy. He was married to Miss Leona LeDair, who survives. The following brothers and sisters are also left to mourn his loss: Nettie Vores and Mrs. Al Rice, of Springfield, Oregon; Mrs. D. P. Burch, Bellwood, Neb.; Joseph Maybe, Omaha; William and Edward Maybe, Springfield, Oregon.

He was a member of Evergreen lodge No. 170. Funeral arrangements will be announced later.

MYSTERY SURROUNDS  
FINDING SUIT CASE

Walter Hastings, of Lee Center, while fishing in Green River on the John Rinehart farm Sunday, pulled out a suit case from the stream. The suit case which has evidently been in the water for several days, was opened and found to contain numerous articles of women's wearing apparel and several cards and letters.

The correspondence was addressed to Miss Rose Fisch, postoffice box 86, Sterling, Ill. The mysterious finding of the wearing apparel was reported to Deputy Sheriff Charles Stanard at Amboy and he at once started an investigation. The deputy went to the scene and brought the suit case and its contents to Amboy, turning it over to Sheriff Frank A. Schoenholz last evening. The sheriff started an investigation and learned from the Sterling authorities that the Fisch family reside about a mile and one-half north of that city.

There is some speculation as to whether the suit case was stolen by some person who believed its contents to be of more value and in their disappointment at finding its contents to be of little value, threw it into the river. The case is still under investigation.

Sheriff Schoenholz learned this morning that Miss Fisch is at her home near Sterling and is not alarmed in the least. The suit case was in an automobile which was stolen from the streets of Sterling a few weeks ago and was undoubtedly thrown into Green river by the thieves who were driving the car away.

BODY FOUND IN WOODS;  
MAN DEAD FIVE WEEKS

Rockford, Ill., July 1.—Arthur D.

Ames disappeared from his home, 129 North First street, five weeks ago. His body was found last night in the Avery Marsh woods near High Bridge. A pistol near by and a bullet hole in Ames' shirt convinced Coroner McAlister it was a case of suicide.

THIS PRETTY GIRL WHO DEFIES AGE  
USES HOWARD'S BUTTERMILK CREAM  
TO BEAUTIFY HER COMPLEXION

Tells all good drug and department stores not to take anyone's money unless this delightful new vanishing Cream quickly shows a decided improvement. Try it today at our expense.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic. The most wonderful thing about it is the face that whist it turns the duldest, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest trace of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream.

To prove this to your complete satisfaction, get a small quantity today

## NEW LOCATION

Farnum's Cleaning Plant has been moved to next block north and across the street. We have a fine, new, large, airy workroom, just north of Trein's Jewelry Store, and are better prepared than ever before to handle all the work you can bring us—with dispatch and in the most expert and efficient manner.

## Cleaning and Pressing

Steam and Dry Cleaning. Repairing. We do our work well.

## FARNUM'S CLEANING PLANT

Telephone 952 95 Hennepin Avenue

PRICES FOR A FEW DAYS AT SUBURBAN  
ACRES \$100 TO \$400 PER ACRE

LOCATION: This is the E. C. Parsons Hillcrest Farm. It almost adjoins the Dixon, Illinois city limits on the south. It is located one block west and three blocks south of the Northwestern railroad depot, where the city street car line terminates. It lies on College avenue and extends west to Lincoln avenue and south to the Interstate road, Lincoln and College avenues both being hard-surfaced roads. The city water mains reach to within one block of this handsome property and electric light and telephone service are near at hand. This land is practically all level, the soil is of a very high grade and the drainage is perfect. It lies within two blocks of Gossard Corset factory, just two blocks from American Wagon Co.'s plant and within easy walking distance of any of Dixon's factories.

Because of the enormous demand for small Farms, brought about by a realization of the fact that the small Farm is the only way to defeat the high cost of living, we have subdivided the E. C. Parsons farm, one of the finest, best located and most valuable farms in this community, into small tracts ranging in size from ONE to SIX ACRES. This subdivision will hereafter be known as SUBURBAN ACRES and these small Farms will be offered for sale for a FEW DAYS ONLY at

## FORESIGHT vs. HINDSIGHT.

Every day we hear people say: If father had only bought a certain piece of property at a certain price we children would all have been left independent. Father had the opportunity and he was amply able to have made the purchase, but unfortunately father was too busy working. He was asleep at the switch and blind to his opportunities. That was his misfortune and not his fault. Our children will soon be saying the same thing about us if we overlook the wonderful opportunities now being offered at SUBURBAN ACRES. Oh, if our foresight were as good as our hindsight we would all be millionaires.

## TWO 10-ACRE FARMS.

We have two 10-acre farms for sale at the right price and on your own terms. These farms are located only one-quarter of a mile from the Northwestern depot. Fine soil, perfect drainage. There are no improvements, but every foot is in cultivation.

## HALF OF SUBURBAN ACRES SOLD.

The sale at SUBURBAN ACRES is only 3 days old, yet one-half of all our Small Farms have been sold. This speaks volumes for SUBURBAN ACRES. It should also convince you that if you are interested in securing one of these Small Farms you will have to act quickly. When these Small Farms are all sold there will be no more like them. A word to the wise should be sufficient.

## PRICED FROM \$100 TO \$400 PER ACRE--TERMS AS FOLLOWS:

One-acre Farms .....	\$25 cash and \$10 per month
Two-acre Farms .....	\$50 cash and \$15 per month
Three-acre Farms .....	\$50 cash and \$20 per month
Five and Six-acre Farms .....	\$100 cash and \$25 per month

No taxes to pay until 1921. No interest for one year, after which the unpaid balance will draw 6 per cent interest. 10% discount will be allowed for cash in full at time of purchase. If you prefer, payments may be made quarterly, semi-annually or yearly.

## City Lots at Sacrifice Prices

We also offer for sale 6 lots in Hillcrest Addition, 12 lots in Dement's Addition and 38 lots in Parson's Industrial Addition. These lots are all located in the southwest part of Dixon and have heretofore been held at \$200 to \$400 per lot. We are offering them for a few days only at prices ranging from \$75 to \$300 on terms of \$10 cash and \$6 per month. No taxes. No interest, 10% discount for cash. If you want a real bargain in a fine building lot see us at once. FIRST COME, FIRST SERVED.

## PERFECT TITLE.

The title to Suburban Acres is held by John J. Fleming, of Burlington, Iowa, as Trustee for the Burlington Savings Bank and E. C. Parsons. Mr. Fleming is the President of the Burlington Savings Bank. He will execute all deeds and all contracts executed to time purchasers will bear his signature. Deferred payments are to be made payable at the City National Bank, Dixon, Ill. We refer you to this bank or to Attorney Henry Dixon, of Dixon, Ill., regarding the title to this property.

## SONDGEROTH-JEANGUENAT—

The wedding of Miss Teresa Jeanguenat, daughter of A. F. Jeanguenat, of West Brooklyn, and Michael H. Sondagroth, also of West Brooklyn, was an event of Monday morning, June 30th. The ceremony took place in St. Mary's church at 8 o'clock in the morning, with Rev. Fr. Krug, officiating.

The bridal chorus from Wagner's "Lohengrin" was played by Miss Palma Bernardin as the wedding party took their places at the altar. Miss Emily Jeanguenat, the bride's sister, was maid of honor. The groom's brother, Edward Sondagroth, served as best man.

The bride was dressed in white Georgette crepe, and wore a tulle veil, arranged in cap effect. Her flowers were white roses. Gray Georgette crepe composed the gown of the maid of honor. A gray hat, trimmed in white satin, was worn.

A breakfast was served after the ceremony at the home of the bride's father, the young couple leaving shortly afterwards on their honeymoon trip. They will return at the end of a week to make their home in West Brooklyn.

## CHILDREN'S DAY PROGRAM—

A picnic dinner was held Sunday at the home of Mr. and Mrs. Elmer Sanders, of south of Franklin Grove, the guests including Mr. and Mrs. Thomas Lookingland and daughter and Mr. and Mrs. Colwell, of Beloit, Wis., and Mrs. James Lookingland, the Dorsey Buck family, the William H. Hiller family, the William Lott family, Geo. Lookingland and family, and Miss Solona Lookingland, of Franklin Grove, Mr. and Mrs. Roy Sanders and wife, of Oregon. In all there were about thirty-six present. The dinner was eaten on the lawn and the occasion was a most enjoyable one.

**THE FOURTH.**

The old fashioned Fourth of July  
with its giant crackers, blank pistols,  
high explosives and various dangerous  
noise-making toys is unpopular now-  
days. The American people have  
awakened to the fact that the lives and  
limbs and eye-sight of the children of  
the nation are more valuable than the  
high-tension fun and excitement they  
gain from the old style of celebration.

The parents who allow their children  
to shoot off big firecrackers or high ex-  
plosives of any kind, or allow them to  
have any of the fire and noise making  
appliances that are dangerous are en-  
tirely responsible for what may happen  
and it amounts to criminal negligence,  
unconscious perhaps, but nevertheless a  
failure to fulfill their parental duties.

The old "Insane" Fourth killed and  
maimed little children and even grown-  
ups, and destroyed many thousands dol-  
lars worth of property every year. There  
is on excuse for it. It is a needless and  
terrible risk and damage. The young-  
sters can have just as much fun and the  
grownups can have a more restful day  
if the high explosives are left alone.

Commissioner of Fire and Police  
Sloower intends to use every power  
and authority at his command to pre-  
vent the use of explosives and fire on  
the Fourth this year. In this he should  
be commended and aided by every par-  
ent and every citizen.

The dry law provides that you cannot  
remove liquor from your house (except  
inside of yourself) and that will keep a  
lot of renters who have the moving hab-  
it, in one spot until the supply is ex-  
hausted.

The corn is shooting up so fast it  
does not even lose its momentum on a  
cool day.

The Germans want membership in the  
League of Nations. And they would  
probably scuttle it the first dark night.

Just because booze will be outlawed,  
it does not mean that it will not be a  
crime to break into a cellar.

After we get the rest of the world  
frightened out, we might turn to the  
Americanization of America.

"If anybody ever names a segar  
after me I'm goin' t' have somethin' t'  
say about what goes int' it," said Tell  
Binkley t' day, as he threw away a half  
smoked General Tecumseh. "Remem-  
ber when we used t' run when a feller  
reached for his hip pocket?" said Finley  
Coombs, who lives in Ohio, t' day.

**BEER AND LIGHT  
WINES ARE SOLD  
IN MANY CITIES**

(Continued From Page One.)

who could find solace in 2 1/2 per cent  
brew were able to carry out the time-  
honored custom of starting the day  
with an early morning "bracer."

War-time prohibition, banning for the  
time being all distilled liquors and leav-  
ing in a cloud of doubt the future of  
beer was effective at midnight. Ex-  
emption of beer from the list of for-  
bidden beverages came as a result of  
an eleventh hour announcement by the  
department of justice that pending de-  
cisions in present litigation to deter-  
mine whether a brew containing 2 1/2  
per cent of alcohol is intoxicating, no  
action would be taken toward stopping  
the sale of beer containing no more  
than that amount of alcohol.

**Light Drinks Not Banned.**

Thus, pending court decisions or ac-  
tion by congress defining intoxication  
beverages, sale of the lighter drinks in  
states in which there are no regulatory  
laws will be permitted until January  
16 when constitutional prohibition be-  
comes effective. Other than this the  
only ray of comfort left the anti-pro-  
hibitionists is the coming of the time  
when President Wilson will declare de-  
mobilization of the army complete,  
which automatically could suspend op-  
eration of the war time act until Janu-  
ary 16.

When the attitude of department of  
justice officials toward beer became  
known last night, some of the prohibi-  
tion advocates in congress were in fa-  
vor of abandoning the plan to adjourn  
until July 7 in order that the act to  
define what beverages are intoxicating  
and providing for enforcement of the  
wartime dry law, might be rushed  
through. However, leaders refused to  
accept the proposal and the question,  
at its earliest, cannot be considered un-  
til next week. Even then a stiff fight  
is promised as an effort will be made to  
permit the president to set aside the  
wartime act insofar as it relates to  
light wines and beer.

**Reversed Former Ruling.**

The action of the department of jus-  
tice last night in announcing there  
would be no interference with the sale  
of 2 1/2 per cent beer was a reversal of  
a stand taken in a statement issued pre-  
viously in the day for which there was  
no explanation other than that the de-  
partment had "reversed" itself.

Celebration of the passing of the sa-  
loon in many cities throughout the  
country lasted until early this morning,  
although the actual sale of liquors stop-  
ped at midnight.

**Western Electrical  
Strike Growing Fast**

By Associated Press Leased Wire  
Springfield, Ill., July 1.—Between  
1800 and 2000 men and women employ-  
ed as operators and linemen in the  
states of Washington and Oregon who  
are members of the Electrical Workers  
Union went out on a sympathetic strike  
this morning, according to word receiv-  
ed by Secretary Charles P. Ford, of the  
International Brotherhood of Electrical  
Workers Union. The strike was called  
in sympathy with union electrical  
workers in California and Nevada who  
ceased work several weeks ago.  
Secretary Ford said that conferences  
in San Francisco were continued be-  
tween representatives of the electrical  
workers union and officials of the tele-  
phone companies.

**East Dubuque Town  
Marshal Locked Up  
By Riotous Crowds**

By Associated Press Leased Wire  
Dubuque, Ia., July 1.—East Dubuque  
in Illinois, across the river from here, is  
quiet today after a wild night in which  
the town marshal, E. T. Liddle was at-  
tacked and chased into the fire station.  
The mayor, fearing trouble on the last  
night of liquor selling, had ordered all  
saloons to close at 9 o'clock. Shortly  
before that hour the marshal attempted  
to arrest a man in uniform and struck  
him with his club. Another man inter-  
fered and was also hit by the marshal.  
The mob became enraged and chased  
the officer into the fire station. Threats  
were made to burn down the building,  
but the marshal escaped and the mob  
then turned to the jail which was  
broken into, the furniture wrecked and  
all prisoners released.

PVT. GEO. PLATTEN**

The Telegraph published a short time  
ago an account of an operation for the  
transfusion of blood, submitted to by  
Sergeant George Platten, of the Amer-  
ican Expeditionary Forces, to save the  
life of a comrade, who had been severe-  
ly injured in a railroad accident in  
France. Word has been received from  
the war department by Mr. Platten's  
sisters, Mrs. Fred Lawton and Mrs.  
Glen Swarts, of Palmyra, that General  
Pershing has awarded Mr. Platten a  
certificate of meritorious service and  
forwarded the same to the command-  
ing general of his division for presen-  
tation.

## SUNDAY SCHOOL MEET AT PAW PAW SUNDAY

The second of the efficiency conferences being held this summer by the Lee County Sunday School Assn. was held in Paw Paw Sunday afternoon when workers from six of the community associations in that vicinity gathered for discussions. Representatives of each of the six associations stated that their associations could become standard districts before the next County Sunday School convention, and that they would do their part toward making them such. To have every association in the county up to standard is one of the goals of the county organization for the current year.

The principal speakers at the Paw Paw meeting were Prof. O. A. Fackler of Ashton, Miss Luella Powers of Prairieville and Miss Ethel M. Kay of Dixon. Later meetings are planned for Steward, Amboy and Ashton.

# Camel Cigarettes

CAMEL cigarettes win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarette aftertaste or unpleasant cigarette odor. They're simply a cigarette delight! That's the way you'll put it!

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight! And, Camels may be smoked liberally without tiring your taste.

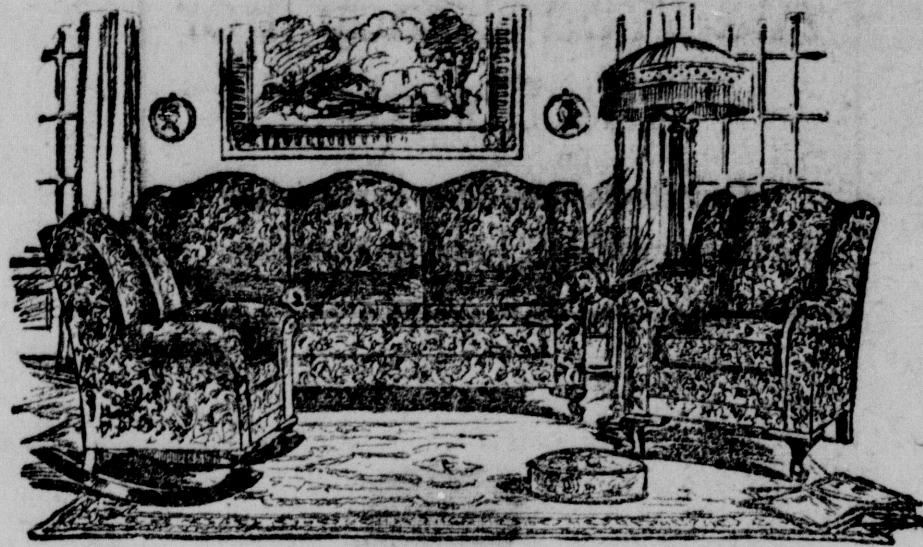

To know Camels best compare them in every possible test with any cigarette in the world at any price!

18 cents a package

Camels are sold everywhere in scientifically sealed packages, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## "NORTHFIELD"

For Newlyweds

**M**OST young married people prefer to start their new homes in a modest manner. Small homes or apartments are enough of a care during the first few years. That is why so many of our "newlyweds" buy Northfield Bed-Davenport. They save the extra room. A five-room cottage or flat is as good as six rooms with a Northfield in the living room or den. **Any Room a Bedroom.** Any room you have is a bedroom with a Northfield bed-davenport installed. And yet there is so much style to Northfield designs that they fit in with any other furnishings you now have and add real comfort to any room. No other piece of furniture gives you double service and good furniture style so nicely as a Northfield bed-davenport. Can you drop in tomorrow afternoon to see our demonstration?

## This is a Greater Maxwell

There have been many improvements made in the Maxwell since the war ceased. Some of them have made the car look better. Others have made it run better.

You will note a new type radiator, a further advance in body detail, an improved electric system, a Hot Spot and a Ram's-horn, a superior development in upholstery, and a top more durable.

Any of these is well worth any man's time to look over, and the sum of all represent a decided value added to the car, which post-war purchases for cash have made possible without increasing the price.

But the fundamentals of the car are unchanged. 300,000 Maxwells on the highways of the world—all of the same model—have proved that a policy of never changing the base design is profitable in more ways than one to buyer and maker.

It means extra value at a lower price.  
It means perfection in design.  
It means perfection in workmanship.  
It means you pay for no experiments, no engineering knick-knacks.  
It means you pay for no mistakes.  
It means a car of everlasting reliability.  
It means a car of endless mileage.

You can easily pay \$200 more and receive less. This Maxwell is old in antecedents but modern as far as sound engineering dare go.

There is no car of the day selling for so low a price to offer so many attractive inducements.

See this recent Maxwell, and bear in mind that despite the eight great Maxwell plants the supply is already running far short of the demand. \$895 f. o. b. Detroit.

## LEGAL PUBLICATION.

No. 188. NOTICE TO CONTRACTORS. Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois and endorsed proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer with manholes, catch basins, and house connection laterals in First Street in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 188, Series of 1919, of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, until nine o'clock in the forenoon, on Tuesday the 15th day of July, A. D. 1919, at the City Hall in said City of Dixon, and will be publicly opened by the Mayor of said City of Dixon, (who is President of said Board of Local Improvements) at a joint meeting of said Board and Board of Local Improvements to be held in the Court Chamber in the City Hall in said City of Dixon, at nine o'clock in the forenoon, on the 8th day of July, A. D. 1919. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least 48 hours before an award of said contract is made to any competitive bidder. After the expiration of 48 hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the city and publicly declare the same. The work for which said tenders are made is for the construction of 920 cubic yards of excavation and backfill, 728 linear feet of 12 inch sewer pipe (ditch), 130 linear feet of 10 inch sewer pipe (ditch), 500 linear feet of six inch sewer pipe (ditch), 3 manholes, complete, 5 catch basins, complete, with ten inch outlet pipes and traps to manholes, and for the construction of said improvement Ordinance Number 188, Series of 1919 of the City of Dixon, Illinois. Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be received or considered unless accompanied by such certified check or cash. Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been opened and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by the cash or check, and the execution of a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon. A bond of \$2000.00 will be required of the contractor for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made upon blanks furnished by the City Clerk of the City of Dixon. Payment for the work for which said tenders are invited is to be made in cash or bonds, payable to the order of the contractor, and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at 5 per cent. No bid will be considered unless the party making it shall furnish evidence satisfactory to the Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him. Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and the surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date. The person to whom the contract for the construction of said improvement is awarded shall before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against any pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work. The Council and Board of Local Improvements reserve the right to reject any and all bids. Dated at Dixon, Illinois, this 28th day of June, A. D. 1919. Signed: THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON, By Robert H. Scott, Their Attorney.

EXECUTOR'S NOTICE OF FILING FINAL SETTLEMENT. State of Illinois, Lee County, ss. Estate of William E. Flanagan, Deceased. Public notice is hereby given that the undersigned, executrix of the estate of William E. Flanagan, deceased, will attend before the County Court of Lee County, at the court house in Dixon on the 7th day of July, 1919, next, for the purpose of making a final settlement of said estate, at which time and place I will ask for an order of distribution, and will also ask to be discharged. ## An Internal Treatment for Piles (Hemorrhoids).

Gives absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged through the stomach and intestines, and thus reaches the source of the trouble where, by its soothing, healing antiseptic action, it first allays and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. If your druggist cannot supply you we will gladly send either of the above mail charges prepaid on receipt of price. Internal Treatment \$1.50 War Tax 6c. Ointment 50c War Tax 2c extra. NEW ADVANCES IN CORN COME WITH JULY 1st

By Associated Press Leased Wire

Chicago, July 1.—New advances took place in the corn market today owing largely to the fact that need of liquidation in July contracts on the part of unlicensed dealers was at an end. The fact that hog values this morning had reached a new top record tended also to lift the corn market. Besides, assertions were current that the 1919 yield of corn in the United States would total but little if any more than domestic requirements. Opening prices, which ranged from 1 1/4 to 1 3/4 higher, with Sept. 1 1/2 to 1 3/4 and Dec. 1 1/2 to 1 5/8, were followed by moderate additional gains.

Oats were firmer with corn. After opening 1/4 to 1/2 up, including Sept. at 68 1/4 to 68 3/4, the market continued to ascend. Provisions reflected the strength of hogs and grain. Buying, however, lacked volume.

Bullish sentiment received some impetus from belief on the part of many dealers that beer manufacture would not be stopped, and that therefore barley continuing in demand from brewers would not tend to displace corn as a foodstuff. The close was unsettled, 1 1/2 to 2 1/2 c net higher, with Sept. 1 7/8 to 1 7/8 and Dec. 1 5/8 to 1 5/8.

\$21.75 HOG PRICE TODAY IS RECORD

By Associated Press Leased Wire

Chicago, July 1.—Hogs today commanded the highest price ever known, \$21.75 a hundred weight. The previous topmost July record was last year, \$19.40. Today's strength in the hog market was ascribed chiefly to export demand for packing house products.

Before the United States entered the great war, \$10.25 was the acre for hogs in July.
